May 16, 2026

Mohamed Aziz Ben Salah

has successfully completed the online Professional Certificate

IBM UI/UX Designer

The certificate earner has demonstrated applied proficiency in user experience (UX) and user interface (UI) design, with a working understanding of Agile and Scrum methodologies used in modern product development. They are equipped with essential skills in user-centered design, wireframing, prototyping, and UX research, and are proficient in using industry-standard tools such as Figma and Miro. The earner is equipped to apply UX/UI principles in real-world projects with a strong focus on usability and user needs.

John Rofrano, IBM, Senior Technical Staff
Richa Arora, SkillUp, SME
Navdeep Malhotra, SkillUp, SME
Sandeep Virani, SkillUp, SME

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
