Abhay Gupta

Abhay Gupta, Co-Founder, Board Infinity

Mohamed Aziz Ben Salah

has successfully completed the online Specialization

ISTQB Technical Test Analyst Preparation

This program equips learners with comprehensive knowledge and advanced skills in technical software testing, preparing them for the ISTQB Technical Test Analyst certification. Participants will master advanced techniques such as white-box testing, risk-based testing, static and dynamic analysis, and test automation, along with practical expertise in using industry-standard tools and frameworks. By completing this specialization, learners are well-prepared to enhance software quality, manage testing risks, and drive efficient testing processes in complex software development environments.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
